PROF. EMILE LEVY has good reason to be proud of the success of the Mikado. It was under his artistic direction that the opera was given. Weeks of earnest preparation and hard drilling were necessary, and it is remarkable that he managed to give. with novices, three performances of the most trying and difficult of all of Gilbert and Sullivan's operas, which ran through smoothly, without a break from first to last. No musician in New York could have done better and we doubt if there is one in the South that could have done as well.

Coumbus (Miss) Democrat: Maj, W. J. Sykes of Tennessee, has for the past day or two been visiting relatives here. Our re ders will remember the excel ent and sound advice he gave to parties contemplating inve-t ng capital in a road from Mem, his to Birmingham, at the convention held in Aberdeen last fall. While the Memphis, Birmingham and Atlantic. to whom the advice was more directly aimed, ignored it, the Kensas City road, it now appears, will more likely pursue the course he then indicated or, at least, as far east as Columbus Maj. Sykes, besides being thoroughly familiar w th this portion of the South has a practical knowledge of railroad ing, which, if the two roads should ever be able to measure lances, the Memphis, Birmingham and Atlantic will sadly deplo e-for while the latter is only a few miles shorter, the Kens s City road will have material advantages in many other re peets.
